

UNIVERSITÀ
DEGLI STUDI
DI PADOVA

The workshop

The aim of the workshop is to present new results carried out within the research project CREW (<https://crew-more-years-better-lives.org/>) to distinguished colleagues working in the field of aging.

For each contribution: 20 minutes of

presentation and 10 minutes of discussion

For discussant: up to 15 minutes to introduce discussion

The language of the workshop is English.

The seminar is open to public

Regimes

INTERNATIONAL WORKSHOP

PADUA | 26-27 NOVEMBER 2018

**DEPT. OF STATISTICAL
SCIENCES | UNIVERSITY OF
PADOVA**

The project CREW

It is funded by the Program JPI – More Years Better Lives, Call2016 – started in January 2017. Unfortunately for the time being, the Italian partners, including UNIPD, have never received any funds by the Italian MIUR, neither any official communication that they will be eligible to be funded
